

## **Emergency Preparedness: A Continuous Process**

April 17, 2019 | Hilton Richmond Hotel and Spa/Short Pump

In 2018, Virginia was on high alert when Hurricanes Florence and Michael gained strength and made landfall. Nursing facilities and assisted living communities activated their emergency preparedness plans to protect their residents, staff, and physical plants. While hurricane season rolls around each June, there is much more to emergency preparedness planning than getting ready for a storm to make landfall.

Join us on April 17 to take a fresh look at your emergency preparedness planning. Our experts will weigh in with advice on how to navigate the partnership between providers and state agencies, compliance issues, tools and resources to assist you when you need help or have resources to share, and communications. A panel of providers will also share lessons learned from Hurricanes Florence and Michael.
