Ivy Burnham | Licensing Administrator- Region 2 | Division of Licensing
Virginia Department of Social Services | Richmond

Ivy Burnham is employed by the Licensing Division of the Virginia Department of Social Services. She began her career with the state in 2001 as an Adult Licensing Inspector and was promoted to a Program Specialist. Currently, she is one of four Adult Licensing Administrators in Virginia. She is responsible for six adult licensing inspectors and two licensing offices that comprise the eastern region. She ensures effective organization and operation of activities managed by the licensing offices. Burnham promotes constructive, cooperative, collaborative working relationships among the field offices personnel and public/private sector agencies within the communities and state.

Ms. Burnham has a passion for healthcare and seniors. She has served in long term and acute care since 1979 where her journey started out as a certified nursing assistant. Her journey has afforded her the opportunities to serve in the following positions: Licensed Practical Nurse, Nursing Supervisor, Assistant Director of Nursing, Staff Development Coordinator, Director of Residential Care, Administrator, Senior Administrator, and Assistant Project Director of Virginia’s first PACE Program, Elder Care Coordinator and Patient Access Director.

Missy Currier | Associate Director-Adult Licensing Programs
Department of Social Services | Richmond

Missy Currier is the Associate Director for Adult Licensing Programs at the Virginia Department of Social Services (DSS). She is responsible for providing supervision of licensing administrators and field operations statewide, developing and implementing regulations, as well as consistent inspection and investigative functions for adult programs.

Liz Dammeyer, LNHA | Administrator
Harbourway Assisted Living and Seaside Health Center at Atlantic Shores | Virginia Beach

Liz Dammeyer serves as Administrator of Harbourway and Seaside. She oversees the day-to-day operation of the healthcare facilities, including supervising staff, ensuring regulatory compliance, and maintaining operating expenses within the healthcare side consistent with the budget. Dammeyer joined the Atlantic Shores team in 2000, as a nurse in the facility’s Seaside Health Center (skilled nursing care). Her talents were then tapped for the creation of Harbourway, including developing the policies and procedures that currently govern this assisted living facility. In 2017 her role expanded as she became the administrator of Seaside Health Center.

She began her career at Rochester General Hospital on a medical-surgical unit after graduating from Isabella Graham Hart School of Practical Nursing in Rochester, New York in 1994. Prior to joining Harbourway, Dammeyer served as Director of Health Services at a local assisted living facility, where she was instrumental in the opening of a new 90-bed facility. She holds a bachelor of business administration degree from The University of Phoenix, where she was a member of the Delta Mu Delta International Honor Society.
Mark Hubbard | Senior Vice President
McGuirewoods Consulting, LLC | Richmond

Mark Hubbard has extensive media and public affairs experience and focuses his practice on crisis and strategic communications, media relations and issue advocacy. He helps provide association management for MWCAdvocacy clients including VIRGINIAforever and the Unmanned Systems Association of Virginia (USAU). He joined McGuireWoods Consulting in 2007 and is active in both the MWCAdvocacy and Government Relations groups. Hubbard routinely works with national, state and local media outlets and leads the Consulting group's crisis and litigation communications team.

Prior to joining MWC, he was most recently public relations officer for the Virginia Credit Union where he oversaw the organization's media relations, public affairs and legislative outreach efforts. Hubbard has also worked as a television anchor and reporter in Richmond (WWBT-12), Portland, Oregon (KOIN-6) and Salisbury, Maryland (WBOC-16).

Lisa Kirby | Director, Lifelong Health Facility Operations & Compliance
Riverside Lifelong Health & Aging Related Services | Newport News

Lisa Kirby, LNHA, HSE joined Riverside Lifelong Health and Age Related Services in 2016 as the Director of Lifelong Health Facility Operations and Compliance where she supports the non-clinical areas of Riverside’s nursing facilities, assisted living facilities, memory support units, adult day care, and CCRCs.

Prior to working for Riverside, Kirby was the Administrator at The Chesapeake Retirement Community, where she managed the health care center, assisted living facility, memory support unit, clinic services, therapy services, and the Home Care Companion program. From 2008-2001 she held advanced roles at American HealthCare, LLC.

Kirby received her bachelor of science in health services administration from James Madison University. She has been a licensed nursing home administrator since 2008, a nursing home preceptor since 2013 and has earned the Health Services Executive credential in 2018 through National Association of Long Term Care Administrators Board (NAB). Kirby currently serves on VHCA-VCAL’s Assisted Living Committee and the Quality and Regulatory Committee.

Don Lundin | Administrator
Riverside Convalescent Center, Matthews

Don Lundin joined the team at Riverside Convalescent Center - Mathews as the administrator after working for several other Riverside systems.

Originally from Rhode Island, Lundin earned his undergraduate degree in biology from the University of Rhode Island and his masters in health care administration from George Washington University. After graduate school, Lundin started off working in acute care settings, as an administrator for a hospital in New Hampshire. Six years later he joined Marriott Group’s senior living services. With Marriott, he worked in senior living in Texas and Charlottesville until joining Riverside.

R.P. Mauskapf, MPA | Director, Office of Emergency Preparedness
Virginia Department of Health | Richmond

Bob Mauskapf serves as the Director of the Virginia Department of Health's (VDH) Emergency Preparedness, Response, and Recovery Program. He is the designated Planning Director and Lead Facilitator / Coordinator for all VDH Incident Management Teams. Mauskapf also represents the agency on several state and federal committees and boards including the National Emergency Management Association, the Association of State and Territorial Health Officials, the Governors Homeland Security Advisory Committee Joint Policy Work Group, and
the National Advisory Committee for the National Health Security Preparedness Index.

He served as a Marine Corps Infantry Officer for over 30 years. After he transitioned from the Marines in 1998, he worked in the private sector as an area vice president and regional president for a nationwide company in the transportation, logistics and distribution industry.

Mauskapf earned a bachelor of science in business and an master of science in public administration and is a graduate of the Army War College, Armed Forces Staff College and Defense Language Institute (Vietnamese and Thai). He was recognized with a 2018 Homeland Security Today Homeland Heroes Award and was a recent member of Virginia Commonwealth University’s Homeland Security Program adjunct faculty.

Kelly Parker | Director of Emergency Preparedness
Virginia Hospital and Healthcare Association | Richmond

Kelly Parker joined the Virginia Hospital and Healthcare Association staff in 2017 as Director of Emergency Preparedness. She brings to this role emergency management experience gained during her tenure as the State Hospital Preparedness Coordinator for the Virginia Department of Health (VDH). In that role, she was responsible for VDH’s portion of the Hospital Preparedness Program (HPP), which includes administration of federal grants supporting the HPP, and Ebola and infectious disease activities implemented by VHHA. She is a summa cum laude graduate of George Mason University where she earned a degree in healthcare administration and policy.

Patricia Snead | Manager, Office of Emergency Services | Virginia Department of Social Services

Patricia “Tricia” Snead is the Emergency Manager and Emergency Coordination Officer for the Virginia Department of Social Services (DSS). She has served DSS in various positions ranging from quality control, training, staff development, provider relations, and policy and planning before assuming her current role.

Snead managed the Individual Assistance (IA) grant program for 14 presidentially-declared Commonwealth disasters and spent three weeks in Mississippi managing the IA grant. Currently she leads a team of accomplished emergency planners with lead responsibility for coordination of the State Managed Shelter Program.

Mary Vorpahl | Administrator
Heritage Hall – Leesburg

Mary Vorpahl has worked in the healthcare industry for nearly 30 years. She began her career as a business office manager in a rehab long term care facility. She went on to spend sixteen years in corporate roles for Kindred Healthcare supporting over 350 facilities. During this time, she completed her AIT and went on to work as an administrator in New Hampshire, North Carolina, and Virginia.

Vorpahl then moved to northern Virginia where she has worked in multiple facilities. She currently serves as the administrator at Heritage Hall - Leesburg. While at Heritage Hall – Leesburg, Vorpahl has improved the physician and clinical services and helped the center earn a Five-Star rating.

Paul Wade | Long Term Care Supervisor | Office of Licensure and Certification
Virginia Department of Health | Richmond

Mr. Wade has been a Long Term Care Supervisor since September 2014. Prior to that, he was a surveyor in Virginia for five years and a surveyor in Utah for one year. He has been with the Virginia Department of Health since November 2009. Wade has a bachelor’s degree in healthcare administration with an emphasis in long term care and holds a nursing home administrator’s license in Utah.
